SAN JUAN IS UNDER FIRE

Bombardment Began at Early Dawn This Morning.

SPANISH WARSHIP SUNK BY AN AMERICAN CRUISER.

New York, May 12.—Special—An unofficial special says nine American warships have been bombarding San Juan since dawn. The defenses of San Juan will not be able to withstand a protracted bombardment. They are chiefly old fashioned redoubts and earthworks of imperfect construction, which can be easily demolished by the shells of the American fleet. The garrisons are small and but poorly equipped. It is believed that the surrender of the town is a question of only a few hours. The port, however, is one of great strategic importance in this conflict, and the fact that Spain has left it comparatively unprotected is looked upon as another evidence of the inherent weakness of that nation.

Spanish War Vessel Sunk.

London, May 12.—Special—A dispatch from Hong Kong says the schooner Amiret brings a report of an engagement between the American gunboat Concord and a Spanish war vessel, in which the latter was sunk after a fight of two hours. The battle took place off Iloilo. The Concord was apparently unhurt, and none of her sailors were killed. It is said that Dewey will probably take Iloilo and Cebu, the only two ports in the Philippines beside Manila that amount to anything.

Attempted Landing Frustrated.

Havana, May 12.—Special—Four American vessels opened a heavy fire on Cienfuegos yesterday morning and under protection of the guns steam launches attempted to land men and arms. The Spanish troops repelled the invaders, who took a fresh position and reopened fire. They made another attempt to land, but were again driven off. Fourteen Spaniards were wounded. Spanish reports say the American loss was heavy. The fighting lasted eight hours.

Germany will not Interfere.

Berlin, May 12.—Special—An official agency has issued the following statement of Germany's view of the conquest and occupation of the Philippine islands by the United States: "Germany does not entertain, nor is it likely that she will ever entertain, the idea of protesting against the American occupation of the Philippines. Neither has she joined nor will she join any combination of the powers with this object in view."

Bombardment Renewed.

New York, May 12.—Special—Cablegrams received here say the bombardment of Cardenas was renewed this morning. London, May 12.—Special—Dispatches received here by the Lloyds reiterate the statement that the American squadron is bombarding San Juan. Washington, May 12.—Special—At 2:30 no word had been received from Sampson.

Merritt to be Governor.

Washington, May 12.—Special—An all-day war conference held today resulted in the determination to make Gen. Merritt military governor of the Philippines. Preparations for sending troops are being pushed.

Spy Commits Suicide.

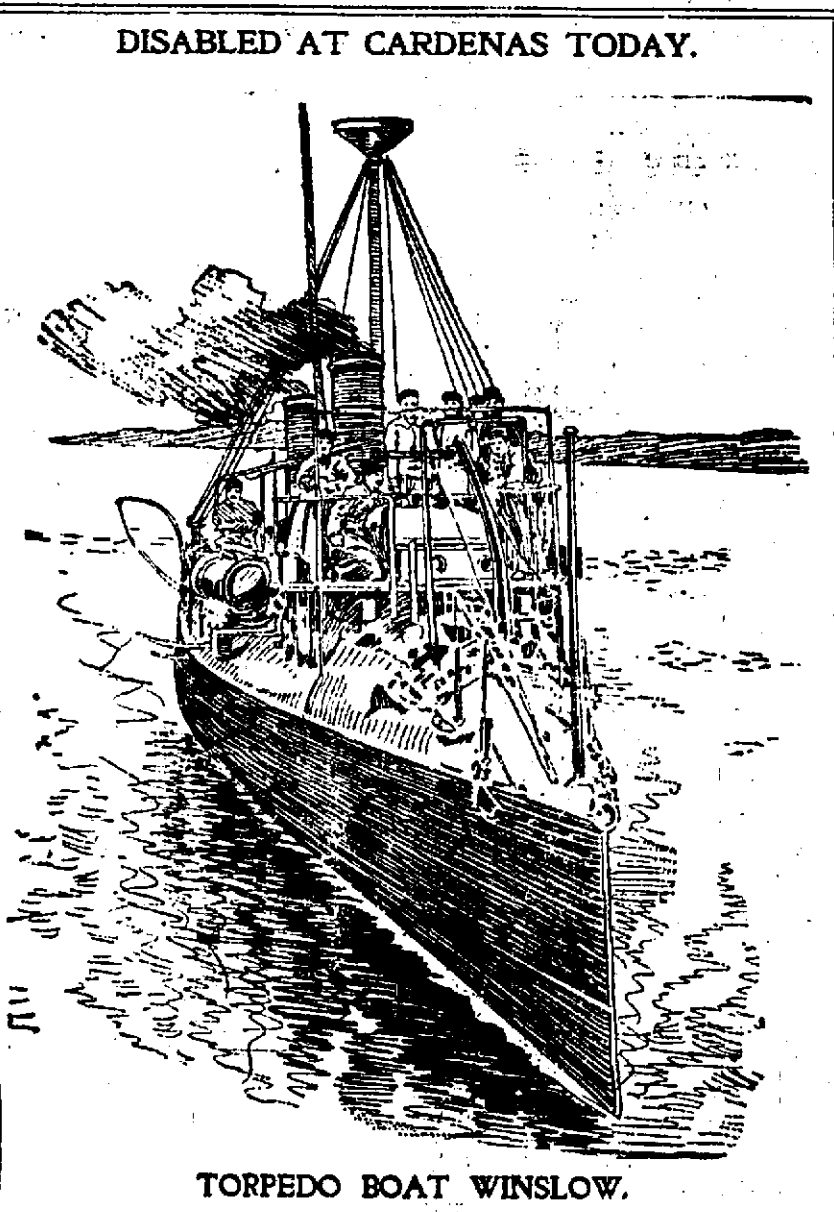

Washington, May 12.—Special—George Downing, the alleged Spanish spy, who has been held in military confinement at the barracks here, committed suicide this morning by hanging himself.

The Cape Verde Fleet.

London, May 12.—Special—Ambassador Hay is definitely informed that the Cape Verde fleet is at Cadiz.

Seen Off the Coast.

New York, May 12.—Special—Two Spanish torpedo boats are reported off the Massachusetts coast.

DISABLED AT CARDENAS TODAY. TORPEDO BOAT WINSLOW.

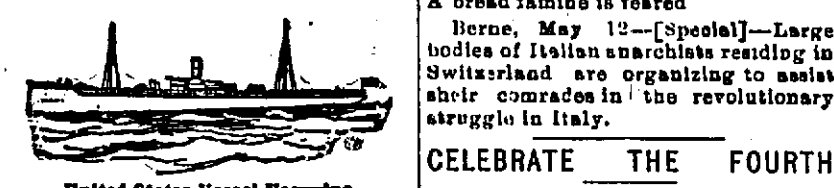

The Winslow was named after Rear Admiral John A. Winslow, who when in command of the Kearsarge sank the Alabama. She has a steel hull, a displacement of 142 tons, an indicated horsepower of 2,000 and carries three torpedo tubes.

DYNAMITE CRUISER DESTROYED AT SAN JUAN TODAY.

New York, May 12, 4 p. m.—[Special]—The World special says the dynamite cruiser Vesuvius was blown

up off San Juan during the reported bombardment. The Vesuvius was the largest and most powerful dynamite cruiser afloat, and was believed to be well nigh invulnerable. The explosion that wrecked her was internal, and is not accounted for.

PAID DEARLY FOR ASSAULT

Fine and Costs For Edgar Porter Foot Up To \$800.50

In the municipal court this morning in the assault and battery case of the State of Wisconsin vs L. D. Porter and Edgar Porter, the jury after being out fifteen minutes brought in their verdict acquitting L. D. Porter and finding Edgar Porter guilty of assault. The court then imposed a fine of \$5 and costs of a total of \$800.50 or fifteen days in jail. The defendant who is a mere boy, went to jail in default of payment. W. A. Huntley, the complaining witness alleges that a week ago last Sunday the defendants jumped on him and gave him a severe pounding. A host of witnesses were sworn on both sides and the case was commenced yesterday morning. Attorney John Grunbeck appeared in behalf of the state, while Attorney Olaus Hendricks represented the defendants.

CAME FROM SCOTLAND SAFELY

Arrival of a Scottish Family to Become Residents of Rock County

Robert Cook, his wife and three children have arrived in the city from Barrie, Scotland, having made the voyage on the steamer Etruria with out accident of any kind. They remained here but a short time and they left for a farm near Johnsons where they will reside on a farm with relatives. Mr. Cook says that plenty of talk is heard in his country over the trouble between the United States and Spain but that he had no fear but he and his family would reach America in safety.

WORSE THAN WAS SUPPOSED

Fred Jeffris' Injuries May Prove More Serious Than Expected

Fred Jeffris, of this city, who was injured in Saturday's base ball game at Beloit, is not getting along as well as expected. The Rockford Register-Gazette says: "Fred J. Jeffris, who was hit in the temple by a pitched ball in the Madison game and later was injured in a collision with Metzler, is quite seriously injured. The young man is not able to leave his bed and at times has dizzy spells."

GUNBOATS DISABLED

Two American Vessels Badly Injured at Cardenas.

FIRED AT FROM MASKED BATTERY--SEVERAL KILLED.

Key West, May 12.—Special—An important engagement has taken place off Cardenas. A masked battery fired on the torpedo boat Winslow, killing Ensign Worth Bagley, Oiler Varnas, and sailors J. Daniel and R. Meek Farnell. J. Pater-son and Lieut. J. B. Brandon were fatally wounded, and R. E. Cox, D. McKeen and M. Gray seriously wounded. The Winslow was shot through and through in five places, and is now in tow of the Wilmington off the scene of the battle. It is also reported that the gunboat Tecumseh was blown up. The Spanish gunboat Ligera was crippled and the Antonio Lopez destroyed.

As soon as it was seen that the Winslow was crippled, the Hudson steamed to her assistance, but scarcely had the haw-ers been made fast when a shell burst directly over the dam-aged boat, killing Bagley and four of his men. It is stated that during the engagement the Wilmington, Hudson, Ma-chias and Annapolis bombarded Cardenas and set fire to the town. The Spanish loss is heavy. Seaman Tunnelle has died. The five dead heroes arrived here this morning. All the flags are at half mast.

Prize Money for the Tars.

Washington, May 12.—Special—Rear Admiral Dewey and his men will not have been fully rewarded for their victory at Manila when they receive the thanks of congress and the medals ordered to be struck for them. Under the law they have become entitled to a rich bounty. Unless the numerical importance of the fleet of Admiral Montejos has been overesti-mated, its losses overstated, the officers and men of the Asiatic squadron will be entitled to share among them some-thing like \$187,000 bounty money.

Bad Water at Tampa.

Tampa, Fla., May 12.—Special—It is likely that the poor water at this place and Key West will do more to hasten the movement for the invasion of Cuba than anything else. There is much sickness among the soldiers on account of the brack-ish water they are compelled to drink, and commanding offi-cers are of the opinion that a Cuban campaign, even on the eve of the yellow fever season, would be attended with less mortality than a protracted season of inactivity here.

Dewey Heard From.

Washington, May 12.—Special—The following cablegram was received at the navy department this afternoon: Hong Kong, May 12.—There is little change in the situ-ation since my last telegram. I am maintaining a strict blockade. Add the Argos to the list of destroyed vessels. [Signed.] DEWEY.

AN UP TO DATE CIRCUS.

The Forepaugh-Sells Combination Carries Many Novelties. The great Adam Forepaugh and Sells Brothers' America's Greatest Shows consolidated are coming to this city on the 30th, and with an innum-erable array of wonders, novelties and exclusive sensations. Among these are representatives of the new woman as clown and ringmaster, the two biggest herds of the best trained ele-phants, champion male and female baraback riders, the only educated Arctic seals and sea lions, rarest wild beast, performing animals, renowned trapeze and brilliant performers; three circus rings and two elevated stages; most thrilling and graceful aerial acts; an imperial programme of classic and comical hippodrome races; special animal performances, attrac-tions far too numerous to mention, and a free street pageant of surpassing magnitude and splendor. There does not seem to be any room for another such show.

WOULDN'T TAKE MEDICINE

Caprice of a Young Woman Whose Lover Had Gone For a Soldier.

A local member of Company A., who is now stationed at Camp Har-vey, Milwaukee, recently made a fly-ing one day visit to Janesville on a mission that was out of the ordinary. His lady love had objected in strong terms to his enlisting in war, and on his departure she was taken danger-ously ill. Three days after the boys were in camp a message was for-warded to the young man by the young lady's father, notifying him that his daughter had absolutely re-fused to take any medicine unless her lover returned to see her. The young man returned, spent the day, and left for Camp Harvey the next morning.

PYTHIAN GRAND LODGE GETS DOWN TO BUSINESS.

Loss of Membership During the Year Exceeds a Thousand—Immense Order for Shingles Received by a Marinette Firm—Changes in Post-offices—General Briefs.

Appleton, Wis., May 12.—The twenty-seventh annual session of the Grand lodge of Knights of Pythias of the state convened yesterday morning at Old Fellows' hall and after a short address of welcome by Mayor Herman Erb, Jr., the organization of the lodge was perfected. Frank Barry, of Milwaukee, was in the chair as grand chancellor, having been elected to fill the vacancy caused by the resignation of Joseph Schroeder, of Racine. M. A. Graettinger was elected grand keeper of records and seal, vice Mr. Barry. These offices will be permanently filled at the annual election today. After Mr. Erb's welcome thirty-eight past chancellors were received into the Grand lodge and 130 grand representatives had Grand lodge rank conferred upon them. The organization of the lodge was then perfected and the reports of the grand chancellor and grand keeper of the records and seal were read and referred to committees.

Mr. Barry's report was largely statistical and a summary follows: The supreme domain suffered a net decrease of 1,023 members, and Wisconsin is not alone in suffering a loss of membership. At the close of 1896 there were 120 subordinate lodges in the state with 8,348 members, and at the close of 1897 there were 119 lodges with 8,315 members, a loss of one lodge and thirty-three members. Since Jan. 1, 1898, there has been a net gain of one lodge and but little or no gain in membership. The cash receipts of the fiscal year were \$5,105.83, a decrease of \$607.57 over the preceding year. The expenditures were \$4,902.05, leaving a balance in the hands of grand master of exchequer of \$3,808.81, an increase of \$240.78 over the preceding year. For the first time the grand lodge paid the mileage and per diem of all officers and grand representatives.

I tried various patent medicines, besides numerous prescriptions from physicians, all of which did no good. I was at last persuaded to try a bottle of Chamberlain's Cough Remedy, which promptly relieved the cough. The second bottle effected a complete cure." The May Atlantic

The May Atlantic opens brilliantly with Hon. Richard Olney's (late secretary of state) timely and trenchant discussion of the International Isolation of the United States. This policy, originating naturally from our geographical situation was impressed upon the nation by Washington, and has always been adhered to since his time. Mr. Olney suggests that the changes of recent years in world relations may necessitate changes in this time honored policy.

RESPOND TO TAPS AND REVEILLE

PICTURES OF LIFE AMONG SOLDIERS AT CAMP HARVEY.

Havoc Caused by the Physical Examination—How Cowards Are Treated—A Company Left Without Lieutenant—Rumors Concerning the Destination of Regiment.

Camp Harvey, Milwaukee, May 11.—Arrangements are now being made to fill up this company to its full number. It makes an opening for a few more men, but whether or not they will be brought from Janesville, or taken from the surplus of other companies remains with Lieutenant Baldwin, who leaves today for Janesville.

All of those who failed to pass the physical examination have returned home, save Sergeant Broome. A strong effort will be made to have him re-examined and passed, if possible, as he has been and will be a good man.

Beloit was truly unfortunate, losing both lieutenants. The election of officers for that company has not been declared yet, but one of the new commissioned officers will probably be Fred Y. Hart, at present first sergeant, a young man well known to many Janesville people.

Backed Out. This evening about train time was a lively one around this building. Among those sent from E and H companies (Beloit and Monroe) were some who passed medical examination all right, but were afraid of active service, its hardships and dangers, and wished to return home. There are but few of this class of men in camp, and those who left today were of use as an example to any others. Monroe boys paraded their man with a rope around his neck. Beloit rode theirs on a rail, hosed him around the grounds, and followed so by groans he left us, with his face blacked so that it will stay so for some days.

And the end is not yet. Some of the volunteers who became weary of their work earlier, and were permitted to return home, are already wiring and writing their captains to let them come back again. We, of "A" company believe that none of our boys are made of poor material, and hope, with today's departure, that the cheap element is weeded out of the regiment.

Future Movements.

"A" company and the entire regiment have given up guessing and taking stock in rumors and reports as to our future movements. With us it is all uncertainty; but we have been long decided to take what comes, while greatly disappointed that it should not be our good fortune to have been sent to Washington.

No one knows how these reports get started, but the latest is that we leave for the Philippine Islands, via San Francisco.

Janesville friends continue to drop in on us, and are made welcome. Private Will May reports excellent progress in the hospital corps, and Private Irish says ditto for the signal corps.

Some of the captains are very strict with their men and one of them threatens punishment to any member of his command who continues to mispronounce the name "provost" as applied to the camp guard detail.

Lieut. Bloedel is today, officer of the guard. Details for guard duty are Provost-Sergeant Thom and Privates Sheldon, Simms and Caniff. For Regimental, Privates Smith, Shepard, Sisson, Snyder and Saltzer.

Evening Parade

One of the features of the day is the evening parade. It is all done in regimental formation and by reason of its drill ground being in front of the grand stand, the Third gets the lion's share of the applause from the throngs of people who come out for the evening drills. I think the musical part of the ceremony is the most attractive, for after passing in front of the regiment and returning to its post after the bugle corps has finished the last sweet note of retreat, the band plays slowly "The Star Spangled Banner," every soldier not in the ranks faces the flag and removes his hat; if sitting he rises and "Old Glory" quietly drops from its place on the ground to go gaily up again at the first cherry call of the trumpets in "Reveille."

The bugle calling is a jolly thing to hear in the evening air. The buglers at camp headquarters sound the call first. Then away over to the southeast corner the Third regiment corps echo it. Back it comes clear and strong from the First trumpeters and finally dies away north of us as the Second musicians repeat it.

Personal Mention

The boys are merrily shaking hands with and welcoming hearty Captain Thompson, our old chaplain.

Mr. and Mrs. William Porter called on us yesterday and took a few snapshots at the "Life" of a soldier. Madames N. and B. Dunwiddie are looking over the quarters today.

Private Flint is serving his detail as assistant cook and makes a very good one, his many years of experience in the hotel business being of value to him.

ELOPING LOVERS TELL LIES.

Tell Janesville Ministers They Are of Age When They Are Not.

Illinois couples who have come to this city of late to get married have found that the local divines, as well as the local justices of peace, are beginning to get strict in their inquiries before they agree to perform a marriage ceremony.

Several couples who have been here of late from Northern Illinois to get married have not turned out to be ideal husbands and wives, and not a few letters are now in the keeping of local ministers who have received them from indignant parents protesting in strong words that would not bear printing.

A local divine, who has secured his share of the Illinois couples of late, says he knows of several Winnebago county couples who deliberately stood before him and lied as to their age, and as to whether or not their parents objected to their marriage.

Refreshments were served in the course of the evening, and all present united in the declaration that they had a jolly time. Miss Kate Stoddard, superintendent of the juniors, is entitled to much credit for the completeness of the arrangements and the faultless manner in which they were carried out.

Much interest is being manifested in the county school athletic meet which is to take place at the fair grounds next Saturday. Previous announcement of the fact having been given in The Gazette. COURT ST. CHURCH REVIVAL.

This Week's Series of Meetings Inter-esting.

Five started out in the religious life at the meeting held in Court Street M. E. church last night. The scene at the close of the service was very affecting, and one that will be long remembered. The meetings are quiet and somewhat undemonstrative; but there is nevertheless a spiritual power in them that marks them genuine in their character. A good service is expected tonight. No meeting on Saturday evening.

Mr. John Peterson, of Patonville, La., was very agreeably surprised not long ago. For eighteen months he had been troubled with dysentery and had tried three of the best doctors of New Orleans, besides half a dozen or more patent medicines, but received very little relief. Chamberlain's Colic, Cholera and Diarrhoea Remedy, having been recommended to him, he gave it a trial and to his great surprise, three doses of that remedy effected a permanent cure. Mr. McNamara, a well known merchant of the same place, is well acquainted with Mr. Peterson and attests to the truth of the statement. This remedy is for sale by People's Drug Company, corner of Main and Market streets.

OUR MARKET ABROAD.

The following table, showing our exports of manufactured articles to Great Britain in January, 1898, compared with January, 1897, demonstrates how groundless were the assertions of the free traders that the adoption of a high tariff would injure our markets abroad, especially in view of the fact that no foreign country has felt the effects of the Dingley tariff as seriously as has Great Britain, yet it will be seen that her purchases of manufactures from us have, in practically every instance increased:

PRESIDENTS AND WARS.

Of the ten soldier presidents of the United States, whose services in that office covered practically forty years of the existence of the republic, William McKinley is the first to call the nation to arms. Nine men who had seen active military service have preceded him as chief executives, several of them serving two terms, yet it was reserved for this man, who entered the service of the nation as a private soldier at the age of seventeen and rose step by step, as a result of active and gallant service upon the field of battle, thus realizing the full meaning of the step, to issue the first soldier's call to war. Washington, Jackson, Harrison, Taylor, Pierce, Grant, Hayes, Garfield, and Harrison, formerly occupants of the White House, were all military men, all generals, yet none of them was called upon to assume the responsibility and duties which now devolve upon William McKinley, private soldier, sergeant, lieutenant, and at the close of his service, major.

EXPECT WAR DEPRESSION

It is quite likely that some of our manufacturing industries will be depressed during the war period, notably those whose output consists of voluntary use and luxuries. The removal of a hundred thousand men from their regular avocations as bread-earners must tend to check the consumption of the more ordinary articles of commerce, because their families will be temporarily deprived of those earnings, and the pay received for services rendered to the government will seldom equal the pay receivable from their more peaceful occupations.

DOESN'T AFFECT CROLIUS.

Failure of Robert Lindblom Catches no Janesville Trader.

The failure of Robert Lindblom, the big Chicago broker who made an assignment for \$125,000 Monday evening, does not affect any of the Janesville traders who dabble in stocks and grains. W. O. Crollius has been the local correspondent of Mr. Lindblom, and always carried a good balance with the Chicago house, which he will get when affairs are straightened out. Mr. Crollius paid the balance due to all of his local customers this morning, so that not a single one will lose a penny by the failure. Commencing this morning his direct wire will be connected with the office of the big board of trade firm of Lamson Bros., through whom he will do his trading. Business at the local board of trade has been good, and not a few Janesville have pulled out big rolls as a result of the great advance in the market.

Mr. Lindblom wired today that he expects to resume business.

GOT A BLOW ON THE HEAD

Serious Accident to a Workman on the Northwestern Road.

From 9:30 o'clock this morning until 12:10 this noon, Paul Berobeba, a section hand on the Chicago & Northwestern railroad, remained in an unconscious condition as the result of a terrible blow he accidentally received on the head. The accident happened at Afton.

Berobeba was helping to relay a track, and was working by the side of a fellow workman who was driving spikes with a long spike hammer. In some way the injured man got too near the hammer, which resulted in his receiving a blow that landed with terrific force over his left eye, cutting a deep gash, but fortunately not crushing the skull. Mr. Berobeba was brought to this city and taken in the patrol wagon to the Palmer hospital, where his injuries were cared for by Dr. B. F. Woods.

The injury is not a serious one, and the man, who resides at Alleghany, N. Y., will soon be able to be out.

STOPPED A FURIOUS RUNAWAY

Heroic Act of Fire Engine Driver Patrick Gallagher.

Patrick H. Gallagher, driver at the east side fire station, accomplished a heroic act late yesterday afternoon, when he captured a runaway team of horses that for a time threatened serious trouble along North Main street. The runaway outfit, which belonged to the Leader dairy, came up the street at a merry clip, and no one even made as much as an effort to stop them until they came in front of the engine house. As fast as his legs could carry him Mr. Gallagher ran in front of the frenzied animals, and managed to catch their bridles, bringing them to a halt a few feet away.

PREPARING FOR THE TRIAL.

Evidence in the Pratt Damage Case in Course of Preparation.

City Attorney F. C. Burpee is busy these days in collecting evidence in the case of Ellis V. Pratt vs. the City of Janesville, which is scheduled to come before the circuit court of Rock county on Monday next.

Several witnesses who reside in this city have already been secured to give testimony in the case, which will be tried before a jury of twelve men.

The plaintiff is suing for damages said to have been sustained on July 14, 1895, by falling on an alleged defective sidewalk at the northwest corner of Milwaukee and Franklin streets.

BUT THREE WERE FOUND WORTHY

LIEUTENANT BALDWIN SECURES RECRUITS.

Many Applied, But Only Four Were Accepted—One of These Fell by the Wayside and Remained at Home—Deficiencies Will Be Supplied From Other Companies.

Volunteer recruits are not so numerous in Janesville as they were some days ago and for this reason Lieut. Henry Baldwin was obliged to depart for Camp Harvey today minus five men. The intention was to enlist eight men here last evening for Co. A, but only four were accepted and when the 10:30 train on the O. & N. St. Paul pulled out of the city this morning Lieut. Baldwin had only three men in charge, the other man falling to show up at the last minute. Those who went were William H. Clark, Frank Mooney and William Held all residents of this city.

Applicants Were Plentiful.

At the Armory last evening several young men made application for enlistment, but for several reasons they were rejected. Some of them were not of age, and as they wanted to enlist against the will of their parents, Lieut. Baldwin was obliged to reject them as the law forbids any enlistment where the volunteer is under age, unless he has the written consent of his parents. Other recruits were on hand who failed to pass the physical examination in this city some days ago, but these men were easily detected and rejected.

It Isn't a Picnic.

Lieutenant Baldwin, in speaking of the few able bodied men who applied for enlistment last evening, says that all there is to it is that the boys who remained at home are now beginning to see where the picnic of a time they expected they would have while in camp in Milwaukee. The discipline is now more strict, and the idea of keeping the troops at Camp Harvey for several days to come has had the effect of discouraging many from enlisting. The other five men that Co. A now needs will be taken from the other companies on the grounds.

The New Recruits

William Held, who was one of the three who enlisted last evening, is the son of Mr. and Mrs. Fred Held, of Milwaukee avenue. He has been employed in the blacksmith department at the Janesville Carriage Works and leaves a good position to become a soldier boy.

William H. Clark, the second man to enlist, has been employed as janitor at the Palmer Memorial hospital ever since that institution was first started. Several years ago he was employed by the government in the army department of the west, and although he has not seen any real fighting, he says he now lives in hopes of enjoying such a privilege.

Frank Mooney, the third and last man on the list, is the son of Mr. and Mrs. Mooney, who reside at the edge of the city limits in the Blackhawk district. For some time past, he says, he has had the war fever, and he thought now was the time to enlist in the army.

A small group of relatives and friends were at the depot this morning to see the new recruits safely aboard the cars.

Cannot Leave Till Sunday.

Milwaukee, Wis., May 12.—[Special]—The Third regiment will not leave today as expected. Word has just been received here that the troops cannot get away until Sunday owing to trouble in arranging with the railway companies for transporting troops. Much disappointment is felt here.

The Second Regiment will be mustered in on Saturday morning.

MAY GO TO THE PHILIPPINES

Janesville Soldiers May Be Sent to Guard Manila

Lieut. Henry Baldwin, of Co. A, who was in the city today, stated that he would be surprised if every Janesville boy in Co. A was landed on the Philippine islands within the next few weeks. The opinion of officers of high rank at Camp Harvey is to the same effect.

The Janesville boys don't seem to care much which way they are moved, just as long as they are allowed to remain together, and many think that they would prefer a trip over the water than to be stationed in the far south.

GLADSTONE AND RUSKIN

The Subject of Sunday's Lecture by Rev. Simonds at All Souls

W. D. Simonds, of the Madison University church, who has spoken to increasing audience for the last three Sundays at All Souls church, will continue the services on next Sunday evening at 7:45 and his subject on that occasion will be "Gladstone and Ruskin." These grand old men will be a warm place in the hearts of all intelligent, progressive people. Judging from Mr. Simonds' masterly handling of Daniel O'Connell, the uncrowned king, last Sunday evening we expect a rare treat.

Thos. Y. P. S. C. E. of the First Presbyterian church will give a "Geographical lesson" at their church parlors tomorrow evening at 7:30. A copy of the lesson is given to all. Admission 10 cents.

GOLD IS NOW TOO PLENTIFUL

Banks and Safe Treasuries Paying It Out Without Hint.

More gold is in circulation now than ever was known before. This is because of the plethora of gold and the dearth of currency in the banks, as well as in the United States treasury. Merchants, and particularly brokers, when drawing money at the banks, object to the inconvenience of carrying heavy bags of coin instead of the more easily handled treasury notes.

At the New York subtreasury gold has been paid out instead of currency for several days, but it was only today that the treasury department in Washington found it necessary to use gold for counter payments.

Payments of gold at the New York subtreasury have aggregated \$1,000,000 daily lately, greatly increasing the work of the paying tellers. Nothing better illustrates the abundance of gold than its use in settlements of custom duties. Of the total receipts of customs last month 50 per cent was in gold. In October, 1897, the proportion of gold was only 5 per cent, and before that month the average did not exceed 2 per cent. The dearth of currency is due to the recent heavy demands by interior banks for their balances on deposit there. This movement began before the war, and money shipped from New York was not begun to return.

PROVED TO BE AN HONEST BOY

Newspaper Peddler Returns a \$5 Gold Coin Given Him by Mistake.

Thomas Welch, the well known local tobacco dealer, was so anxious to have the latest war news, that he gave a boy \$5 for a Gazette. Mr. Welch, on reaching home, discovered that he had accidentally given some strange boy a five dollar gold piece for a penny, but just who the boy was he could not tell. Fortunately the money fell into the hands of an honest lad, the son of H. M. Weaver, and was returned to its owner. The boy at first thought that a bad penny had been given him, and only discovered his mistake when informed by others.

Steamer Billy Burr Not Much the Worse for its Winter's Immersion.

The steamer Billy Burr, now the Arrow, which was built for service between this city and Crystal Springs park, and which has been at the bottom of Rock river at Rockford all winter, was raised from the water today. It is not thought that the immersion has harmed her, as the engines were removed in the fall, and everything that dampness would damage is stored in a safe place.

ACCIDENT TO A YOUNG CHILD

Falls From a Porch and Sustains a Fracture of an Arm.

The infant child of Mr. and Mrs. H. M. Phillips met with an accident at their Pease court home that came near proving a serious affair. While playing on the rear porch the child ventured too near the edge, and before the parents could come to its rescue, it fell to the ground below which resulted in the fracture of one of the bones of the arm.

The newly wedded pair will reside at St. Atkinson. Miss Colburn was well known in this city, having spent all her life here, and has many friends who wish her much happiness.

Captain T. J. Rogers, of Co. E, at Camp Harvey, was in the city last evening to get twenty recruits to fill vacancies in the company. He will take twelve recruits back with him at 12:14 today.

SPAIN WEARY OF THE WAR.

Indications That She Will Soon
Sue for Peace.

THE COUNTRY IS EXHAUSTED.

Riotous and Starving Conditions Prevail
—Possibility That Gen. Campos Will
Soon Become Premier—His Policy Will
Be One of Peace.

Madrid, May 12.—A change in the
cabinet is bound to come, and almost
at once. In that change Senor Moret
will be the first to go, and with him
those others who are not popular un-
der the present condition of public
sentiment. Any change which may
come will be in favor of peace. The
truth is, everyone now at heart wishes
peace, but there are none brave enough
to speak first.

It is likely that by the middle of
next month General Campos will be
in power, and, although his will be a
military government, it will be in
favor of peace.

A correspondent who has just re-
turned from a tour in the provinces
strongly affirms that the Spanish peo-
ple are very weary of war, of Cuba
and of all the trouble, stagnation of
trade, misery and starvation, as some-
thing too harrowing. They cannot
fight against it.

At Algeciras the people are simply
starving. There is no work and no
money. Bread has risen, as also all
the other necessities of life.

Here in Madrid nearly all the places
of public entertainment are closed.
The stock exchange is at a standstill,
and ruin among persons of average
means is widespread.

The streets are fuller than ever of
desperately hungry women, crying for
food for their starving children. One
of the most respectable brokers in the
country has committed suicide, and
tales of others being ruined are heard
constantly. Business on the stock ex-
change is nil.

The government keeps talking about
raising money, which may be voted,
but where it is to be collected from no
one can say.

The Liberal fills three columns with
notices of riots from one end of Spain
to the other, and in three weeks' time
it is stated there will be a bread famine
in Madrid.

Politics is in such a state that, as a
member of the cabinet says, "What is
the most terrible is that absolutely no
one can well foresee what the future of
this country will be, for everything
that is worst is in view."

The so much talked of national sub-
scription amounted to nothing at all—
a drop in the ocean—enough for a few
days' supplies if the war were to be
carried on vigorously. Not from any
lack of patriotism in the people, but
simply because they have not the cash to
give.

Michigan Men Mustered in.
Camp Eaton, Island Lake, Mich.,
May 12.—The examining boards broke
the record Wednesday by examining 879
recruits and volunteers, of whom 193
were rejected. The officers of the First
regiment, Michigan volunteers, headed by
Col. Gardner, took the oath of al-
legiance at night, completing the offi-
cial muster of the regiment. Imme-
diately after the muster Gov. Plingree
telegraphed to Gen. Alger that the
Thirty-first Michigan volunteer in-
fantry had been mustered, with 947
men and 47 officers, and asked for modern
rifles for the regiment.

Spain Asks War Fund.
London, May 12.—The Madrid cor-
respondent of the Daily Chronicle
says: "In the cortes a special war
budget of \$100,000,000 was demanded,
with a tax on land and public securities.
The sinking fund was suspended."

"A patriotic syndicate has been
formed in Madrid, which will borrow
1,000,000 pesetas to buy grain at Mar-
seilles and Antwerp, as all the prov-
inces but one have refused to send
more grain to Madrid."

Spain Seeks to Gain Time.
Gibraltar, May 12.—It is believed
that the Spanish squadron from the
Cape Verde Islands will join the one
at Cadiz and all move together about
the middle of June unless the Ameri-
cans come to Cadiz in the meantime.
Spain wants to gain time and have the
American troops reach Cuba as far
into the summer as possible.

Has Not Returned to Cadiz.
London, May 12.—The Madrid cor-
respondent of the Daily Mail says:
"Admiral Bermejo, minister of marine,
denies that the Cape Verde squadron
has returned to Cadiz. He affirms that
this fleet at the present moment is
where it ought to be, according to the
instructions given it."

Is a Moral Defeat for Spain.
Berlin, May 12.—The consensus of
opinion of the German press is that
the return of the Spanish fleet to Cadiz,
although wise from the point of view
of war tactics, constitutes a grave
moral defeat for Spain.

French Banks Help Spain.
London, May 12.—It is reasserted
that Paris banks have arranged to
supply the sum of 40,000,000 francs
(\$8,000,000) to pay the Spanish coupons
for interest on the national debt, now
falling due, and for other purposes.

Favor the United States in Brazil.
Rio Janeiro, May 12.—A faction of
the radical party is taking steps to
officially declare themselves in the
chamber of deputies in favor of the
United States and the independence of
Cuba.

Explosion Kills Three.

Cleveland, O., May 12.—Ten men
were injured by an explosion of gas
in the new waterworks tunnel under
the lake. The explosion was caused
by one of the men who struck a
match to light his pipe. Instantly
there was a blinding flash of flame
and a terrific roar, filling the tunnel
with smoke and blinding the diggers.
Three workmen were so badly injured
that they died later, and six others
were badly hurt.

Think More Troops Are Needed.

Hong Kong, May 12.—Persons who
are acquainted with the Philippine Is-
lands criticize the reported intention
of the United States to send only 5,000
troops to support Admiral Dewey.

They declare that half of those ar-
riving before September will inevitably
be killed by the climate. Apart from
this, 5,000 will be utterly insufficient
to face the Spaniards and occupy the
islands. The work needs 20,000 troops,
and they should not arrive at Manila
before autumn.

Wants the War Soon Ended.

Budapest, May 12.—Emperor Francis
Joseph, replying to the addresses of
the members of the delegations, who
were received in audience by his ma-
jesty, referred with regret to the hos-
tilities between the United States and
Spain, and said that while he had re-
solved to maintain strict neutrality,
he hoped the "distressing struggle will
soon be ended."

MANY PEOPLE CANNOT DRINK

coffee at night. It spoils their sleep. You can
drink Grain-O when you please and sleep like a
top. For Grain-O does not stimulate, it nour-
ishes, cheers and feeds. Yet it looks and tastes
like the best coffee. For nervous persons, young
people and children Grain-O is the perfect drink.
Made from pure grains. Get a package from
your grocer today. Try it in place of coffee,

these things we make a specialty of.
